UNFINISHED BUSINESS

a. Review of Proposed Budget (Staff Contact: David M. Smitherman)

Smitherman stated there were requests submitted that he did not include in the Budget but are on the table for consideration. There is currently about \$300,000 in the Contingency Budget. There was a request for bullet-proof vests, as well as a request for a new position in the Clerk of Court's Office. There was also a request for two (2) jail vehicles, and the School Board requested an increased contribution, the Treasurer's Office asked for legal services, and there was a part-time salary requested for a position in the Jail. Funding for the Volunteer Agencies was also discussed. There has been a Funding Formula developed for these agencies, but there are concerns among the Fire and Rescue Commission that there is a too dramatic increase/cut for a single year, so they suggested to go back and revisit that formula. There was a lot of discussion regarding the funding of volunteer agencies. There was also discussion regarding Compensation Board offices receiving a five percent (5%) salary increase and how that is a mandate by the State that trickles down to the local level. Davis brought up the issue of localities receiving sales tax from online sales. County Staff agreed to look further into this.
