Jim Bebeau, Danville-Pittsylvania Community Services (“DPCS”) Director, will present to the Board a funding request to expand the DPCS crisis services provided to County and City residents.

# Crisis Receiving Center for Pittsylvania County and the City of Danville

## Summary

Danville-Pittsylvania Community Services (DPCS) is seeking financial support from the City of Danville and Pittsylvania County, to blend with new funding from the Department of Behavioral Health and Developmental Services (DBHDS) to *expand the crisis services provided to residents of the city and county.*

## Background

DPCS received new funding and support in FY 2023 from DBHDS to expand the Crisis Services offered in the catchment area. This funding will be ongoing to support the expanded operations.

Currently, DPCS provides *Mobile Crisis Services* and *Crisis Stabilization Services* to the community from two locations:

- 136 West Main Street - Crisis Receiving Center, formally Foundation House
- 245 Hairston Street – East Wing, Main Campus

DPCS also operates the current *Crisis Intervention Team Assessment Center*, or **CITAC**, from the location on West Main Street. Previously the CITAC operated out of the Sovah Health Emergency Room but was relocated to the West Main Street Site during the pandemic.

The CITAC site is a receiving center for law enforcement in the community to bring individuals in a behavioral health crisis to seek services. This can be a voluntary or involuntary process.

The CITAC is currently staffed 16 hours per day by an off-duty, but uniformed law enforcement officer (LEO) to accept custody of individuals under Emergency Custody Orders (ECOs), along with DPCS Clinical staff 24/7. The off-duty officers work for Danville Police Department, Danville Sherriff's Office, and Pittsylvania County Sherriff's Office.

The off-duty officer and the CITAC site allow the on-duty officer to return to their community shift/patrol duties, as opposed to maintaining custody of the individual under ECO for eight (8) or more hours.

One of two purposes surrounding the new funding from DBHDS allows the expansion of the CITAC hours covered by LEOs to 24/7, up from 16 hours per day.

In addition to the expanded CITAC coverage, DPCS is receiving funding to *expand* the Mobile Crisis and Crisis Stabilization Services to include 23-Hour Crisis Stabilization.

23-Hour Crisis Stabilization provides all of the following:

- Assessment and stabilization interventions for individuals experiencing a behavioral health crisis for a period of up to 23 hours in a community-based clinic setting
- Accessible 24/7
- Indicated for those situations wherein an individual is in an acute crisis and requires a safe environment for observation and assessment prior to determination of whether admission to an inpatient or other setting is necessary.
- Allows for an opportunity for a thorough assessment of crisis and psychosocial needs and supports throughout the full 23 hours of service to determine the best resources available for the individual to prevent unnecessary hospitalization.

Unfortunately, neither the Main Campus nor the West Main site can handle the operational needs for 23-Hour Crisis Stabilization, and it is both essential and optimal to co-locate all of the crisis services for staffing and continuity of care.

**Proposal**

DPCS has identified an appropriate site to collocate the existing Crisis Services (Mobile Crisis and Crisis Stabilization) with expanded CITAC operations and the new 23-Hour Crisis Stabilization Services. The site is located close to the DPCS main campus on Hairston Street, readily accessible to the Agency clinical staff, the Emergency Room at Sovah Health, and the main highways of 58 and 29 that serve the city and county.

The building and site are located at 366 Piney Forest Road, formally the Piedmont Credit Union. The building is no longer in use since PCU merged with Valley Star Credit Union, and a new bank facility was built in Coleman Marketplace

The following are some pictures of the interior and exterior space:

A few facts about the property: Built in 2004; 6,185 Square Feet; 30 Parking Spaces; 0.84 Acre Lot; 13 Offices; Open Teller & Drive Thru Space; Conference, Breakroom and Kitchen Facilities

Attachment: Crisis Receiving Center for Pittsylvania County and the City of Danville (3408 : DPCS Funding Request (Presenter: Jim Bebeau);

The DPCS Executive Committee authorized the negotiation of a purchase contract that has been accepted by Valley Star Credit Union, with the usual conditions for appropriate due diligence to be completed by DPCS. The DPCS Board of Directors will be presented with this information to ratify the action and finalize the cash purchase at its Board Meeting on 10/20/2022.

Although the property is in excellent condition, there will be a few physical modifications to the site to accommodate the use for crisis services that do not align with the current use as a banking facility. The renovations would include the replacement of the windows for the drive-thru teller with storefront glass and an entrance for the CITAC center, so that law enforcement will have a discrete and sheltered entry from the elements. The current open teller space will be renovated to allow for a secure holding and assessment area for the CITAC operations, while still maintaining a front entrance for public walk-in services.

The addition of 23-Hour Crisis Stabilization will cover the entire second floor, using the existing layout. One bathroom space will add a shower for client use, and an additional bathroom will be added next to a current one for public use.

### **Request**

DPCS is seeking one-time capital support of \$100,000 each from the city and county to assist in the purchase and renovation costs for the Crisis Center. Although estimates have not yet been obtained, it is believed the \$200,000 total would likely cover the majority of the renovations – the addition of a few interior walls, the storefront glass/doors, and the modification of two existing bathrooms. Some of the modifications would require more expensive products for the safety and security of staff, LEOs, and the individuals in service, driving the price higher than simple drywall and doors. DPCS is contributing one-time funds from its retained balances to cover capital expenses, as DBHDS funding primarily supports staffing of the facility with clinical and law-enforcement personnel for 24/7 continuous operations.

**Brief Project Overview\*:**

Pittsylvania County sits in the south-central region of Virginia and covers approximately 969 square miles (roughly the size of the State of Rhode Island), making it the largest geographical county in the Commonwealth of Virginia, serving Virginia's 5th Congressional District. On any given school day, Pittsylvania County's twenty (20) public schools have 9,333 students and 1,380 teachers for a 10,713-total attendance (approximately 1/6th of the county's population). Ten elementary schools are spread throughout the county. Placing SRO's at all the elementary schools provides safety throughout the day, and alleviates delayed responses due to travel times. In a county the size of Pittsylvania, SRO's are a necessity.

SROs will work with school administrators in problem-solving to prevent crime and promote safety in the school environment.</p>	<p>Pittsylvania County is 969 square miles, which is divided into six patrol districts with eight deputies assigned to a patrol shift leaving one deputy responsible for 121 square miles during their tour of duty and one supervisor responsible for the entire jurisdiction (Not accounting for deputies who may be on leave from shift for holiday, vacation, and sickness). Contrast this to our neighboring jurisdiction, the City of Danville, which has a total jurisdiction of 43.9 square miles with approximately eighteen law enforcement officers per shift serving and protecting their boundaries with a population of 38,834 (2020 population Estimated-United States Census Bureau). On any given school day, Pittsylvania County's twenty (20) public schools have 9,333 students and 1,380 teachers for a 10,713-total attendance (approximately 1/6th of the county's population). Additionally, our county has nine (9) private schools. During a critical incident response time can be delayed due to substantial travel times. Having SROs in the elementary schools adds the layer of safety needed in a county the size of Pittsylvania; moreover, it provides a safer learning and working environment for students, and staff. The salary requested is the approved starting salary for deputy sheriffs in Pittsylvania County. The county of Pittsylvania is prepared to absorb the future costs associated with this request.</p>

## School Resource Officers Grant 2022-2023

### Justification

On any given school day, Pittsylvania County's twenty (20) public schools have 9,333 students and 1,380 teachers for a 10,713-total attendance (approximately 1/6<sup>th</sup> of the county's population). Additionally, our county has eight (8) private schools. Response times for first responders are vital to saving lives during critical incidents.

According to an article published in Educational Weekly (2021), there were 34 school shootings in 2021, 24 of which occurred after August 1st. A shooting on November 30th, 2021, in which a student killed four people and injured seven at an Oxford, Mich., high school, was the deadliest school shooting since May 2018. As of the end of 2021, there have been 92 school shootings since 2018<sup>1</sup>. Thus far, there have been 30 school shootings in 2022 that resulted in death or injury<sup>2</sup>.

The U.S. Secret Service Averting Targeted School Violence report (2021) revealed the following information:

- 41% of the school shootings studied occurred in rural areas or towns.
- 95% of school shooters were current students.
- 85% involved weapons-related planning.
- 73% of attackers detailed how they would execute the attack.
- Only 34% of schools had some reporting system.
- 96% of shooters used a firearm to carry out the attack.
- 95% of the time, shooters communicated their intentions.

Moreover, the Secret Service report revealed that school shootings occur in all areas of the school grounds, with the cafeteria having the most incidents<sup>3</sup>

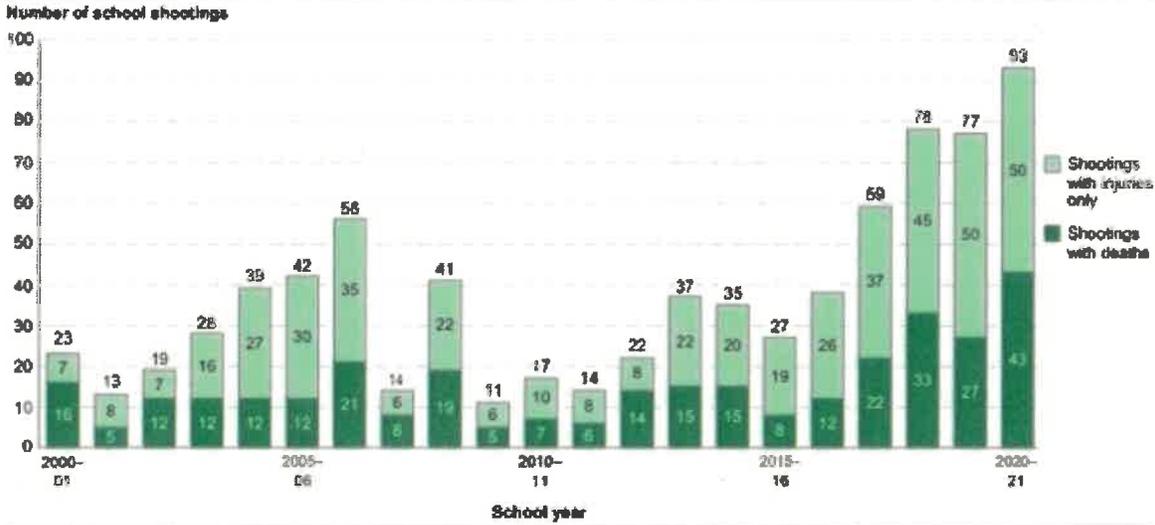

With 20 schools spread out over 969 square miles in Pittsylvania County, the response times can be upwards of 30 minutes or longer in some instances. Having SROs at every elementary school makes the schools safer by minimizing response times.

**Figure 1. Number of school shootings with casualties at public and private elementary and secondary schools: 2000–01 through 2020–21**

NOTE: "School shootings" include all incidents in which a gun is brandished or fired or a bullet hits school property for any reason, regardless of the number of victims (including zero), time, day of the week, or reason (e.g., planned attack, accidental, domestic violence, gang-related). All data are reported for the school year, defined as July 1 through June 30. Data in this figure were generated using a database that aims to compile information on school shootings from publicly available sources into a single comprehensive resource. For information on database methodology, see *K-12 School Shooting Database: Research Methodology* (<https://www.cdnss.us/safety/resources/uploads/2020/09/CHDS-K12-SSDB-Research-Methods-Sept-2020.pdf>). Due to school closures caused by the coronavirus pandemic, caution should be used when comparing 2019-20 and 2020-21 data with data from earlier years. Some data have been revised from previously published figures. SOURCE: U.S. Department of Defense, Naval Postgraduate School, Center for Homeland Defense and Security, K-12 School Shooting Database. Retrieved September 16, 2021, from <https://www.cdnss.us/safety>. See *Digest of Education Statistics 2021*, table 228.12.

The chart below illustrates 20 years of school shootings in public and private K-12 settings. Notice the increase from the 17-18 school year through 20-21 school year.

### Personnel and Fringes

The first phase of funding, beginning October 1<sup>st</sup>, 2022, and ending June 30<sup>th</sup>, 2023, does not require a match.

Starting salary for a deputy sheriff \$43,936.00 x 10 positions= \$439,360; however, the first phase is only for 9 months of funding. Therefore, for 9 months (or 75%) of the annual salary for 10 positions = \$329,520. The fringes for 9 months on 10 positions = \$145,650

Total = \$475,170 (no match)

After the initial nine months of funding, the county will be responsible for a match of 25% (the composite index is .2446, but the grant will only cover 75%).

10 SRO positions for 12 months - \$439,360, the match is 25%.

Grant funds \$329,520

County Match \$109,840

## FINANCIAL ANALYSIS

3

Fringes on 10 SRO positions for 12 months:

*\$194,200*

Grant *\$145,650*

County *\$48,550*

Total annual expenditures:

Grant *\$475,170*

County *\$158,390*

**Other costs**

Dodge Charger completely outfitted with decals, lights, siren, radio, computer, internet, and cage \$46,000.00 (Note: SRO vehicles last 7 to 9 years, depending on extra duty assignments worked at the schools).

Glock model 22 \$400.00

3 pants \$47 each = \$141.00

3 short sleeve shirts \$57 each= \$171.00

3 long sleeve shirts \$67 each= \$201.00

Jacket \$45.00

Winter Coat \$167.00

Name tag \$6.00

Duty belt with gear \$150.00

Hat \$115.00

Flashlight \$100.00

Taser \$2,000.00

Boots \$100.00

Vest with carrier \$1,400.00

Approximate total \$50,596.00 x 10 positions= \$505,960.00 (total will be within 5% due to inflation).

**Financial Conclusion**

- The first nine months of responsibility for Pittsylvania County, if awarded ten SROs, would be approximately \$505,960.00.
- After the first nine months, the yearly responsibility is \$158,390.00 (if the match is not waived).
- The grant award could also be for fewer positions based on funding.

Applicants under this grant program are required to certify to DCJS, that the funding requested in this application does not supplant or replace, in whole or in part, federal, state, or local funds already supporting current program services.

I certify that the grant funds requested under this grant program will be used to supplement existing funds and will not replace (supplant) funds that have been appropriated for the same purposes.

**MEMORANDUM OF UNDERSTANDING**  
**between**  
**THE PITTSYLVANIA COUNTY SCHOOL DIVISION**  
**and**  
**THE PITTSYLVANIA COUNTY SHERIFF'S OFFICE**  
September 1, 2022

## AUTHORITY

9 22.1-280.2:3. School boards; local law enforcement agencies; memorandums of understanding.

"The school board in each school division in which the local law enforcement agency employs school resource officers, as defined in 5 9.1-101 shall enter into a memorandum of understanding with such local law enforcement agency that sets forth the powers and duties of such school resource officers. The provisions of such memorandum of understanding shall be based on the model memorandum of understanding developed by the Virginia Center for School and Campus Safety pursuant to subdivision A 12 of 5 9.1-184, which may be modified by the parties in accordance with their particular needs.

Each such school board and local law enforcement agency shall review and amend or affirm such memorandum at least once every two years or at any time upon the request of either party. Each school board shall ensure the current division memorandum of understanding is conspicuously published on the division website and provide notice and opportunity for public input during each memorandum of understanding review period. "

## PURPOSE

The [School Division (SD)] and the Sheriff's Office (SO)] hereby enter into this Memorandum of Understanding (MOU) setting forth the respective roles and responsibilities of both parties regarding the use of school resource officers (SROs). The purpose of this MOU is to establish a mutually beneficial partnership (School—Law Enforcement Partnership (S-LEP)) that both schools and law enforcement can work within to achieve shared goals. The purpose of the S-LEP is to foster relations of mutual respect and understanding to build a positive and safe school environment and to facilitate effective, timely communication and coordination of efforts for both the SD and the SO.

This MOU is intended only to outline expectations between the SD and the SO. It is not intended to create contractual or equitable obligations on the part of the SD or the SO toward particular students, parents, SD or SO employees, or any other third parties.

The parties agree most of the student misconduct can be best addressed through classroom and in-school strategies. The parties acknowledge that students are generally less mature and responsible than adults; they often lack the experience, perspective, and judgment to recognize and avoid choices that could be detrimental to them; and they are more susceptible to outside pressures than adults.

## GOALS

The primary goals of the S-LEP and this MOU are to (i) promote positive and supportive school climates and (ii) create and maintain safe and secure school environments.

To promote positive and supportive school climates, the SD and SO will collaborate to increase law related education, expand school safety and crime prevention efforts, reduce conflict, and support effective interventions for students.

To create and maintain safe and secure school environments, the SD and SO will collaborate to reduce and prevent crime, violence, victimization, and fear in and around schools, and minimize student involvement with the juvenile and criminal justice systems.

## EVALUATION OF THE SCHOOL-LAW ENFORCEMENT PARTNERSHIP

The SD and the SO should jointly develop measurable objectives of the S-LEP using school discipline, crime, and violence data, school climate survey data, and any other data deemed to be relevant. The SD and the SO will review progress toward achieving such objectives at least annually and the results of the progress review will be made available to the public.

## ROLES AND RESPONSIBILITIES

### I. Police Department/Sheriffs Office Responsibilities

The SO will designate a direct point of contact between the SO and the SD. The SO point of contact will address any operational and administrative issues and will serve as a consultant for school safety and security issues including assessments and critical incident response planning. The SO point of contact will maintain a working knowledge of school rules, regulations, and laws regarding student safety and conduct. The SO point of contact will establish and maintain effective relationships with school personnel at the division and school levels.

The SO will be responsible for the selection, assignment, scheduling, training, supervision, and evaluation of SROs. In their performance of law enforcement functions, the SRO will always remain under the control, through the chain of command, of the SO. The SO will ensure the SRO meets the training standards for SROs established by the Virginia Department of Criminal Justice Services (DCJS) pursuant to Virginia Code 55 9.1-101(54) and 9.1-114.1.

The SO will take into consideration the views of the SD and the identified needs and conditions of the schools when (i) developing and implementing law enforcement policies and practices that may affect schools, and (ii) selecting, assigning, scheduling, training, supervising, and evaluating SROs.

### II. School Division Responsibilities

The SD will designate a primary division-level point of contact between the SD and the SO. The SD point of contact will implement the S-LEP and maintain ongoing communications with SO officials.

School administrators will be responsible for facilitating effective communication between the SRO and school personnel and for supporting the goals of the S-LEP.

Each school with an assigned SRO should provide work area(s) for the SRO that allow access to technologies, private interviewing of multiple persons, and locking storage space for securing physical evidence.

The SD will handle discipline within the school disciplinary process without involving SROs. The SD policies, administrative guidance, training, and ongoing oversight should clearly communicate that school personnel are responsible for school discipline and that law enforcement is not to be involved with disciplinary action, except as may be requested by the SD (e.g., if factual information gathered or observations by the SRO are relevant to a disciplinary matter). The SD is responsible for communicating the goals and role of the SRO to all school administration, personnel, and students.

The SD should ensure that school administrators meet the training requirements set forth in Virginia Code 9 22.1-279.8(E).

### III. SRO Roles and Responsibilities

SROs should be considered active members of their assigned schools. The SRO facilitates the effective delivery of law enforcement services and assists with matters related to safety, security, and the exchange of information between the SD and the SO.

Unless there is a clear and imminent threat to safety, requests from school personnel for SRO or other law enforcement assistance are to be made to a school administrator, and such administrator should, if appropriate, request assistance from the SRO.

To the extent possible, SROs' duty schedules should be organized to provide coverage throughout the school day. SROs provide a visible deterrent to crime and shall be visible patrolling the exterior and interior grounds. SROs should wear the regulation uniform of the employing SO and operate a marked SO vehicle while on duty unless otherwise authorized by the SRO's supervisor.

Additionally, SROs should assist school administrators in developing school crisis, emergency management, and medical emergency response plans. SROs should work with school administrators in problem-solving to prevent crime and promote safety in the school environment. SROs are expected to collaborate with school administrators and other school personnel to support positive school climates that focus on resolving conflicts and minimizing student involvement with the juvenile and criminal justice systems.

SROs serve multiple roles in schools. The roles are interrelated, but all are carried out with the aim to contribute to school safety and security and to promote positive and supportive school climates. The key roles of an SRO are:

#### Law enforcement officer

As a sworn law enforcement officer, the primary role of an SRO in a school is as a law enforcement officer. SROs assume primary responsibility for responding to requests for law enforcement assistance from school administrators and coordinating the response of other law enforcement resources to the school. SROs should work with school administrators in problem-solving to prevent crime and promote

safety in the school environment. In all cases, the SRO's role as a law enforcement officer should take precedence over any other roles performed by the SRO.

#### Law-related educator

As resources permit, SROs should strive to assist with presentations to school personnel on law-related topics such as law enforcement practices, changes in relevant laws, crime trends, crime prevention, school safety strategies, and crisis response procedures. SROs may also deliver law-related education to students using lessons/curricula approved in advance by the SD.

#### Role model and informal mentor

Students often seek approval, direction, and guidance from adults in the school setting about various problems. Through formal and informal interaction with students, SROs serve as role models and informal mentors. SROs are expected to communicate clearly to students about acceptable and unacceptable behavior, set a positive example in handling stressful situations and resolving conflicts, show respect and consideration of others, and express high expectations for student behavior. Students who may need additional assistance shall be referred to a school-based resource.

### IV. School Administrator Roles and Responsibilities

Consistent with the Virginia Standards for Accrediting Public Schools in Virginia, 8 VAC 20-131-210(A), "the principal is recognized as the instructional leader and manager of the school and is responsible for (fostering the success of all students by developing, advocating, and sustaining an academically rigorous, positive, and safe school climate for all stakeholders[.]" Additionally, pursuant to 8 VAC 20131260(D), the School administration should ensure that the school has written procedures "to follow in emergencies such as fire, injury, illness, allergic reactions, and violent or threatening behavior" and "for responding to violent, disruptive, or illegal activities by students on school property or during a school sponsored activity[.]"

School administrators should review the MOU annually with SROs and establish school-specific operational and communications procedures to support the goals of the SLEP.

## OPERATIONAL PROCEDURES

### I. Differentiating Disciplinary Misconduct from Criminal Offenses

School administrators and personnel are responsible for school discipline. Although SROs are expected to be familiar with the school division code of student conduct, the rules of individual schools, and their application in day-to-day practice, SROs should not be involved with the enforcement of school rules or disciplinary infractions that are not violations of law.

Consequences of student misconduct should be effective, developmentally appropriate, and fair.

Interventions and school sanctions should help students learn from their mistakes and address root causes of misconduct. School administrators should consider alternatives to suspensions and expulsions and law enforcement officials should consider alternatives to involvement with the juvenile and criminal justice systems for student violations of law.

### II. Information Sharing

The release and sharing of student records is governed by the Family Educational Rights and Privacy Act (FERPA), 20 U.S.C. 9 1232g, and its implementing regulations, 34 C.F.R. Part 99 and 55 22.1-287 and 22.1287.1 of the Code of Virginia.

When appropriate, and to the extent allowable by law, the SD should notify SROs of any special needs of a student involved in a school-based infraction that is not routine discipline in order to assist the SRO in recognizing and accommodating behaviors that may be manifestations of a student's disability.

Consent access. An SRO or other law enforcement officer may have access to a student's educational records with written consent of the student's parent or legal guardian or of the student if the student is 18 years of age or older.

SRO access. For purposes of access to student records, SROs may be considered "school officials with a legitimate educational interest" in reviewing information from student educational records covered by FERPA, and may be provided student information as needed to carry out their duties related to the school environment, provided such SROs perform a function or service for which the school would otherwise use employees (e.g., maintaining the physical safety and security of the school) and comply with the use and re-disclosure requirements set forth in 34 C.F.R. 99.33. SROs may have access to (i) information on students in their assigned schools that include directory information and additional items needed to carry out their duties, such as class schedules, as approved by the school administrator, and (ii) directory information for all students in the school division (however, unless they are school officials with a legitimate educational interest, they will not have address to student addresses, telephone numbers or email addresses unless another exception applies, given 5 22.1-287.1 of the Code of Virginia). While, as noted above, SROs are always under the control of the SO in carrying out their law enforcement duties, the SO agree that SROs will respect the confidentiality of student education records as other school officials would and are under the control of the SD when it comes to the handling of student education records. SROs understand that unless a FERPA exception applies that would permit disclosure to law enforcement by any school official (e.g., in the context of a health or safety emergency or in response to a subpoena), SROs will not share protected student record information with the SO.

Health or Safety Emergency Exception. Pursuant to 34 C.F.R. 99.36, in the event of an articulable and significant threat to the health or safety of a student or other individuals, school officials may disclose any information from student records to appropriate parties, including law enforcement officials, whose knowledge of the information is necessary to protect the health or safety of the student or other individuals.

SRO disclosure of law enforcement records. SROs may disclose law enforcement records created and maintained by the SRO for the purpose of maintaining the physical security and safety of the school or the enforcement of laws. Because law enforcement records are not student records, they are not subject to the disclosure requirements of FERPA.

### III. Investigation and Questioning

SROs have the authority to question students who may have information about criminal activity. As sworn law enforcement officers, SROs have authority to stop, question, interview, and take law enforcement action without prior authorization of the school administrator or contacting parents or legal guardians. However, the investigation and questioning of students during school hours or at school events should be limited to situations where the investigation is related to suspected criminal activity related to the operation of or occurring at the school. The investigation and questioning of students for

offenses not related to the operation of or occurring at the school should take place at school only when delay might result in danger to any person, destruction of evidence, or flight from the jurisdiction by the person suspected of a crime.

The interviewing of students, whether as suspects, victims, or witnesses, should be conducted privately in an office setting. SROs shall take steps to ensure minimal intrusion into the educational experience of students being questioned in the school setting. Custodial interrogation of a minor must be conducted in accordance with 5 16.1-247.1 of the Code of Virginia.

SROs are responsible for leading the investigation and questioning of students related to suspected violations of criminal law. SROs shall not be included in the investigation and questioning of students about student code of conduct violations that do not involve any criminal activity or risk of harm to self or others. School administrators are responsible for the investigation and questioning of students about violations of the code of conduct.

#### IV. Searches

All searches shall be conducted in accordance with federal and state laws, and applicable SD, and SO policies and guidelines, including the principles embodied in this MOU.

School administrator searches. School personnel may conduct searches of a student's property and person under their jurisdiction in accordance with guidelines developed as contemplated by Code of Virginia 22.1-279.7, and the advice of the school's legal counsel.

SRO searches. Any search initiated by an SRO or other law enforcement officer should be conducted in accordance with constitutional search and seizure requirements. All searches should occur outside the presence of students and school personnel, with the exception of school administrators, unless there is a clear and imminent threat to safety.

SROs should not become involved in administrative searches and at no time should SROs request that an administrative search be conducted for law enforcement purposes or have school personnel conduct a search as the SRO's agent.

#### V. Arrests

Whenever practical, the arrest of a student, or school personnel should be accomplished outside of school hours to not disrupt the educational process or school setting. Arrests that must occur during school hours or on school grounds should be coordinated through the school administrator to minimize potential disruption. When circumstances do not allow for prior coordination through the school administrator, arrests should be reported to the school administrator as soon as possible. In addition to any required notification of parents and legal guardians by the SRO taking a student or employee into custody, school administrators or their designees should consider notifying parents and legal guardians upon a school-based arrest of the student.

#### VI. Physical Restraint by School Personnel

Physical restraint refers to restricting a student's ability to freely move his or her torso, arms, legs, or head. The term physical restraint does not include a physical escort, such as temporary touching of the arm or other body part for the purpose of inducing a student who is acting out to walk to a safe location.

Physical restraint by school personnel is used in accordance with the Regulations Governing the Use of Seclusion and Restraint in Public Elementary and Secondary Schools in Virginia (8VAC20-750), and related local school board policies. Every effort should be made by school personnel to prevent the need for the use of restraint. Physical restraint should not be used except by school personnel trained in the use of physical restraint as required by the school division.

School personnel should act to de-escalate situations that are causing, or have the potential to cause, disruptions to the school environment and/or are violations of the student code of conduct where appropriate. If physical intervention is necessary, the action shall be reported promptly to the school administrator and the rationale for the action shall be fully documented.

## VI'. Physical Intervention by School Resource Officers

An SRO should not be involved in the physical restraint of a student unless there is a clear and imminent threat to safety. As sworn law enforcement officers, SROs may intervene to de-escalate situations.

Physical intervention by SROs is undertaken in accordance with policies and operational procedures of the SO and state law regarding physical intervention and use of force by a law enforcement officer. If an SRO is involved in the use of restraint or physical intervention, the action should be reported to the school administrator and the SRO's supervisor and the rationale for the action should be fully documented.

SROs should be aware of the Regulations Governing the Use of Seclusion and Restraint in Public Elementary and Secondary Schools in Virginia (8VAC20-750) and related local school board policies and may attend training offered by the local school system on their use of seclusion and restraint by school personnel. However, SROs should continue to operate by the policies and operational procedures of the SO and state law regarding physical intervention and use of force by a law enforcement officer.

Additionally, if the SRO physically intervenes with a student, the SD and SO should coordinate to ensure that reasonable effort is made to inform the parents or legal guardians of such student on the same day as the occurrence of the physical intervention.

## KEY STATUTORY RESPONSIBILITIES

### I. Crime Reporting

5 22.1-279:3:1 of the Code of Virginia (effective 7/1/2022) requires the reporting of certain acts to school authorities; reporting of certain acts by school authorities to parents; and reporting of certain acts by school authorities to law enforcement.

A. Reports shall be made to the division superintendent and to the principal or his designee on all incidents involving:

1. Alcohol, marijuana, a controlled substance, an imitation controlled substance, or an anabolic steroid on a school bus, on school property, or at a school-sponsored activity, including the theft or attempted theft of student prescription medications;
2. The assault and battery that results in bodily injury of any person on a school bus, on school property, or at a school-sponsored activity;

3. The sexual assault, death, shooting, stabbing, cutting, or wounding of any person, abduction of any person as described in 518.2-47 or 18.2-48 or stalking of any person as described in 5 18.2-60.3 on a school bus, on school property, or at a school-sponsored activity;
4. Any written threats against school personnel while on a school bus, on school property, or at a school-sponsored activity;
5. The illegal carrying of a firearm, as defined in S 22.1-277.07 onto school property;
6. Any illegal conduct involving firebombs, explosive materials or devices, or hoax explosive devices, as defined in 518.2-85 or explosive or incendiary devices, as defined in 518.2-433.1 or chemical bombs, as described in 518.2-87.1 on a school bus, on school property, or at a school-sponsored activity;
7. Any threats or false threats to bomb, as described in 5 18.2-83 made against school personnel or involving school property or school buses; or
8. The arrest of any student for an incident occurring on a school bus, on school property, or at a school-sponsored activity, including the charge therefor.

**B. Except as may otherwise be required by federal law, regulation, or jurisprudence, each principal:**

1. Shall immediately report to the local law-enforcement agency any incident described in subdivision A- 1 that may constitute a felony offense;
2. Shall immediately report to the local law-enforcement agency any incident described in subdivisions A- 3 through 7, except that a principal is not required to but may report to the local law enforcement agency any incident described in subdivision A- 4 committed by a student who has a disability;
3. May report to the local law-enforcement agency any other incident described in subsection A that is not required to be reported pursuant to subdivision 1 or 2; and
4. Shall immediately report any act enumerated in subdivisions A- 1 through 5 that may constitute a criminal offense to the parents of any minor student who is the specific object of such act. Further, the principal shall report whether the incident has been reported to local law enforcement pursuant to this subsection and, if the incident has been so reported, that the parents may contact focal law enforcement for further information, if they so desire.

Pursuant to 55 16.1-260(G) and 19.2-83.1(B), law enforcement agencies and/or intake officers are required to notify the division superintendent if a student is arrested for certain offenses or subject to a petition alleging that the student committed certain offenses. Division superintendents who receive such reports are required to report the information to the principal of the school in which the student is enrolled.

As a general practice, SROs should notify the principal as soon as practical of any significant law enforcement events occurring at or in association with the school (e.g., at a school bus stop or offcampus activity, during or outside school hours). No SRO or school administrator will be required to file delinquency charges in response to any such activity.

## II. Threat Assessment

Threat assessments will be conducted in accordance with local school board policies adopted as required by Virginia Code 5 22.1-79.4 and, in general, consistent with model procedures and guidelines published by the DCJS Virginia Center for School and Campus Safety and other appropriate practices.

Pursuant to 5 22.1-79.4 each division superintendent shall establish, for each school, a threat assessment team that shall include persons with expertise in counseling, instruction, school administration, and law enforcement and (effective 7/1/2022), in the case of any school in which a school resource officer is employed, at least one such school resource officer. SROs serving as members of threat assessment teams (including as school officials with a legitimate education interest, as defined by FERPA and as discussed above) may assist in the monitoring of subject students as well as determining the need, if any, for law enforcement action.

## III. School Safety Audits

School safety audits will be conducted annually as required by Virginia Code 5 22.1-279.8 to assess school safety conditions in schools. SROs, in collaboration with school administrators, will conduct school inspection walk-throughs using a standardized checklist developed by the Center for School and Campus Safety. SROs and the PD/SO should collaborate in other school safety audit mandates set forth in Virginia Code 5 22.1-279.8 including school crisis, emergency management, and medical emergency response planning and preparation, and (effective 7/1/2022) as part of each such audit, the school board shall create a detailed and accurate floor plan for each public school building in the local school division or shall certify that the existing floor plan for each such school is sufficiently detailed and accurate.

## REVIEW OF MOU

Effective July 1, 2020, per an amendment to Virginia Code 5 22.1-280.2:3 "school boards and local law enforcement agencies shall review and amend or affirm memorandums of understanding at least once every two years, or at any time upon the request of either party". Further, "each school board shall ensure the current division memorandum of understanding is conspicuously published on the division website and provide notice and opportunity for public input and discussion during each memorandum of understanding review period."

Quarterly meetings should be conducted throughout the year between the SD point of contract and SO point of contact to support successful implementation of the partnership. This MOU remains in force until such time as either party withdraws from the agreement by delivering a written notification of such withdrawal to the other party at least 45 days prior to the date of withdrawal.

RE: FY23-3 SRO-SRO Grant Program and Fund: Crime Analyst / Grant Writer

Dear Clarence Monday:

Congratulations on being a recipient of the above referenced grant program! Your DCJS grant award number is **23-284-A** and was approved for a total award of **\$475,170**, funded through Award Number **2023-FREE-GRANT**. The project period is **10/1/2022** through **6/30/2023**.

Included with this letter is a Statement of Grant Award/Acceptance (SOGA). Please note hard copies of the General Special Conditions, as well as the Reporting Requirements and Projected Due Dates, are now referred to as **Conditions and Requirements** and will be posted online at <https://www.dcjs.virginia.gov/grants/grant-requirements> within the next two weeks.

In addition to the general Special Conditions, there may be grant specific Special Conditions related to your Grant Award called Encumbrances. If there are any, you are required to adhere to these conditions via the On-line Grants Management System (OGMS) at <https://ogms.dcjs.virginia.gov/>. If you have not previously done so, you must register in order to use this web-based system. The instructions on *Registering for a New Account* and *Submitting Action Item Encumbrances* are posted here <https://www.dcjs.virginia.gov/grants/ogms-training-resources> along with other resources and training videos. All registrants will be approved within 3 – 5 business days.

We will be happy to assist you in any way we can to assure your project's success. To indicate your acceptance of the award and conditions, please sign the included SOGA and return it electronically within the next 60 days to [grantsmgmt@dcjs.virginia.gov](mailto:grantsmgmt@dcjs.virginia.gov). If you have questions, contact your DCJS Grant Monitor **Michelle Miles** at [Michelle.Miles@dcjs.virginia.gov](mailto:Michelle.Miles@dcjs.virginia.gov) or via email at **804-225-1846**.

Sincerely,

Jackson Miller
