Pittsylvania County Electoral Board Vice-chairman's report for August 10, 2023

From the time of my first Electoral Board (EB) meeting on February 16 until June 8, 2023, Mr. Lester Terry, the Democratic party representative Mr. Roy Ford nominated to be on the EB, was the chairman. Therefore, if a failure to provide proper public meeting notice occurred; if there were any illegal EB meetings held; or the conduct of any EB meetings were not up to standards, all of these proceedings were under the chairmanship of Mr. Terry. And yet Mr. Ford continues to pretend as if Mr. Terry didn't exist, and has even submitted a written request to the county court system to have Mrs. Burkhardt and myself removed from the EB. Perhaps in Mr. Ford's world of convenience, it is logical that the Republicans on the EB are responsible for all of the so called wrongdoing he claims occurred during that time period. However, Mr. Terry was the chairman and thus was responsible for providing the public notice for meetings, and the manner in which the meetings were conducted. Mr. Ford has somehow created a reality in which Mrs. Burkhardt and myself were the ones who were in the chairman position, a very false reality.

I have yet to uncover what Mr. Ford has to gain with all of his presentation of false information, but it has become apparent to me that perhaps Mr. Ford was coaching the former General Registrar in the art of presentation of false information, as that is the exact reason Ms. Keesee was not reappointed. Ms. Keesee willfully mislead county administration to believe that she was not a county employee and therefore did not have to follow county employee policies. Clearly VA code 24.2-122 states that the General Registrar is deemed a county employee. It was Ms. Keesee's job to know the VA code regarding the Pittsylvania county office of elections and how she and her staff functioned within that office as county employees. Ms. Keesee instead decided to create her own policies, in which she accrued comp time for days and hours she deemed appropriate, including triple time for working every election day, when in reality she was exempt from comp time per county policy. Ms. Keesee also did not seek the necessary county authorization to work from home beginning in 2020 and proceeded to only go into her office an average of 10 days a month for the past 3 years. She also authorized her deputy registrar to work from home, which she did not have the power to authorize. These are but a few examples of how Ms. Keesee chose to create her own reality for the Pittsylvania county office of elections, one in which she could collect \$97,000 per year and take home envelopes to stuff for half of the time she was supposed to be working in a job that requires a very public presence. The citizens of Pittsylvania county deserve to have full-time access to an employee their tax dollars are paying a hefty salary to work full time, but ^{Ms. Keesee} only made herself available to them on average 10 days per month. This is, in my opinion, unacceptable behavior and certainly unworthy of reappointment.

Unfortunately, these are not all of Ms. Keesee's violations of county and commonwealth laws and policies, but for brevity, I will conclude my report for now.
